3. Public Comments

Mr. Warren introduced himself as the new Trustee liaison for the HRC.

4. Discuss Observations in the Community

There was discussion about having the news networks interview students directly after an emotional event, especially without the consent of a parent. Mr. Burkart will schedule a meeting with each of the news networks to talk about the concerns of interviewing students in this capacity. Mr. Weiss and Ms. Spencer agreed to meet.

5. Staff Liaison Updates

Mr. Burkart provided an update on the Village Board's latest review of holiday decorations. Based on Attorney Bayer's legal review, a policy regulating holiday decorations on public property should also incorporate signs, objects, and communicative structures. After discussion, the Village Board deferred the item to the Community and Business Relations. Some Board members expressed the desire to wait until after the holiday season before making a decision and getting more research on other comparable communities. The Board thanked the HRC for their efforts on their well-thought out position statement. Tr. Amenta provided description of the contrary opinion expressed at the Board level and how current requests and events can be handled until a policy is adopted. Mr. Burkart also informed the Commission the proposed 2020 budget hearing will be Monday, November 18.

6. Discuss Proposed Plan with Police Department to Analyze Police Stops Data

Mr. Burkart presented the proposed plan to acquire and report on police stops data. There was discussion about how the body camera videos would be randomly selected, how identities of those on the camera would be kept private, how the body camera works, and the current body camera policy. The Commission discussed the pros and cons of

viewing body cameras and how the observations could provide further improvements towards police enforcement. The Commission expressed interest in performing bias training prior to viewing the cameras and making observations. The data subcommittee will meet with Chief Nimmer and Lt. Liebenthal to work on details related to the proposal. They'll concentrate on previous traffic stop data and not pursue the viewing of body cameras until bias training is completed. The education subcommittee will pursue options for the Commission to receive bias training.

7. Subcommittee Updates

(Education subcommittee moved up to after item 3) Education subcommittee mentioned they desire coordinating a forum with Shorewood Moving Forward, the School District, and other community partners to talk about human relation topics. There was discussion about incorporating Youth Rising Up to assist in the planning of such a forum. The discussion also revolved around derogatory words and hate speech used in the schools from students and proper reaction from teachers, professionals, and student groups in the schools to correct the problem.

8. Discuss Action Items for December

The education subcommittee will continue working on a plan for the forum and conduct research on some potential bias training. The policy subcommittee will continue to brainstorm upcoming policy ideas they'd like to review. The data subcommittee will reach out to the Police Department to coordinate a meeting time to discuss their proposal further. Ms. Edmonds will send some analysis on the community survey results to Mr. Burkart to send out to the Commission.

9. Future Agenda Topics and Speakers

Review annual goals and priorities. The next meeting is December 12.

10. Adjournment

VILLAGE OF SHOREWOOD, WISCONSIN
Online Survey Questions
Economic Development and Housing Strategic Goals & Priorities
Planning Process

Purpose of Survey

The Village of Shorewood has supported economic development through the redevelopment and enhancement of commercial properties and housing as outlined in the [Central Business District Master Plan](#) over the last 10-15 years. The CDA and Village Board are reflecting on their progress and looking forward to prioritizing their next steps for economic development and housing.

To reflect on the Village's progress, the CDA and Village Board hired Baker Tilly Municipal Advisors to facilitate a strategic planning session focused on economic development and housing with the CDA and Village Board in early 2020. As a first step of the facilitation, on behalf of the CDA and Village Board, Baker Tilly staff is seeking feedback from key stakeholders through the economic development and housing strategic goals and priorities survey.

The purpose of the economic development and housing strategic goals and priorities planning process is to provide an inclusive forum of which to build on the input received from the already-completed 2019 community survey. This will establish more specific and defined guidelines and policies that will meet the community's desires regarding future processes and objectives.

Economic development is generally defined as the process by which the economic well-being and quality of life within a community are measured and improved upon. Measurements may include jobs – quality, wages and types – and tax base – growth and diversification. Housing is generally defined in terms of meeting your community's needs as provided through periodic housing studies and balancing with market demands. Focus may include providing a variety of housing options (rental and ownership), life cycle (all ages) and affordability to persons and families that are within varying income levels.

All answers will be listed anonymously when submitted individually online and presented anonymously but grouped by the respective stakeholder group. All groups (with the exception of the CDA and Village Board) will be provided with their respective group's feedback to discuss. If after review of the feedback a group votes to provide specific group recommendations, those will be attributed to the group and provided to the CDA and Village Board for consideration. The CDA and Village Board will review their grouped comments with all other survey responses during the strategic planning process in early 2020.
