Roll Call Report

Officer responded to the Shorewood Police Department lobby for a walk in driving complaint. The reporting female said that on October 26th, at approximately 10:00 am, one week prior, she was almost struck by a vehicle in the east sidewalk (while she was walking northbound) at the intersection and fell because of the driver's actions, which resulted in her breaking her left wrist. She said there was no physical contact with the or a collision. She said the vehicle that almost struck her was a light colored older sedan. The driver of the vehicle drove her to the hospital and gave her his name and phone number. The driver answered her the first time she called and is now ignoring her. She and her attorney wanted to know if he had insurance. Officer contacted the driver and he said he never almost struck her, and said that he saw her fall in street and then asked her if she needed help. After checking on her he then drove her to the hospital out of courtesy to her. Based on the information received by both parties this was deemed a civil matter and both parties were advised.
