

WEDNESDAY
DECEMBER 4

1:00 & 6:00 PM

Shorewood Village Center
3920 N. Murray Ave.

TRANSPORTATION & PARKING FINDINGS & RECOMMENDATIONS

The Village of Shorewood hired Walker Consultants and Eriksson Engineering to analyze current transportation and parking issues within the community throughout 2019. Utilizing professional experience, field observations, policy analysis, regulation reviews, public input from three Town Halls and an online comment portal, a draft report filled with findings and recommendations has been compiled. *SO WHAT DOES IT SAY?* Come to one of two public meetings on December 4th to find out and provide your feedback. Additional information will also be posted on the project website noted below.
