

Alternative Water Meter Transmission Unit Placement (Opt-Out) Program Form

Meter Transmission Unit (MTU) installed on building exterior

The standard location for the MTU is on a basement ceiling joist directly above the water meter. A one-time, non-standard meter installation charge will be billed to customers who choose to have the MTU installed at a location on the exterior of the residence. This charge reflects the additional average cost for placement of the MTU on the outside of a building at a location to be determined by the Utility.

Following the completion of the installation phase of the Water Meter Replacement Program and the demobilization of the installation subcontractor, the Shorewood Water Utility will charge actual costs for time and materials to install, relocate or reinstall a MTU.

Terms & Conditions

I represent and warrant that I am the named, authorized person for the customer account number provided. I further represent and warrant that I am either the legal owner of the premise or a tenant at the premise who has obtained permission from the owner as indicated below. By signing this form, I am indicating that I want to opt-out of Shorewood Water Utility (SWU) Advanced Metering program. By signing this form, I acknowledge that a non-standard meter shall be installed at the premise listed above in lieu of an Advanced Meter. I understand that, in accordance with SWU Opt-Out Policy my account will be assessed a Non-Standard Meter Reading Charge for each billing cycle beginning upon service

transitions to automated reading. I also understand that I will be assessed a meter installation fee. I understand that I will not be eligible to receive any other enhanced benefits that the Advanced Metering system may provide. I agree that I will maintain clear and direct access to my meter(s) allowing SWU employees to access the meter(s) during typical business hours.
